- 📍 Wikum, Kamburupitiya rd, kirinda, Puhulwella, Matara

SKILLS

Computer Languages:

- C
- C++
- Python
- HTML
- CSS
- PHP
- Java
- SQL
- React JS
- NodeJs

Application:

- Visual Studio
- Android Studio
- Microsoft Office
- Google AntiGravity

EDUCATION

Undergraduate

2021/05 - Present

Sri Lanka Institute of Information Technology/SLIIT

Following Bsc (Hons) in Information Technology specialized in Information Technology

GCE Advanced Level (Engineering Technology)

2015 - 2017

Puhulwella Central College, Matara

GCE Ordinary Level

Puhulwella National College - Matara

2013-2014

PROJECTS AND RESEARCHES

• Online Tourism Management System

Built a full-stack web application using the MERN stack and Java to streamline online tourism management and operations.

Technologies : Mern stack, MongoDB , Node Js, React, Java

• Online Meal Dish Shop

Architected a secure, full-stack MERN e-commerce platform for online food ordering with seamless user authentication.

Technologies and Tools : Kotlin

• Hotel Management System

Developed a comprehensive Java-based system to efficiently streamline and manage daily hotel operations.

Technologies and Tools : Java

• Moodmate (An Adaptive AI-Powered Lifestyle Recommendation System for Working Adults' Well-being)

Developed a context-aware Flutter app powered by explainable AI to deliver personalized, emotion-driven user recommendations.

Technologies and Tools : Dart , TypeScript , C++ , Python flask

SOFT SKILLS

- Teamwork
- Leadership
- Self Learning
- Critical Thinking
- Problem Solving
- Communication

LANGUAGES

- English
- Sinhala

PROFILE

Full Name

Umesha Shehani Abeywickrama

Date of Birth

23/02/1998

• AquaVet Fish Disease Diagnosis research

Built a cross-platform React Native app with a robust Python backend to seamlessly monitor and manage aquarium environments.

Technologies and Tools :C++ , Python , JavaScript ,

• Bookwarm mobile app

Architected a secure, full-stack MERN e-commerce platform for online food ordering with seamless user authentication.

Technologies and Tools :Next

CERTIFICATIONS

• Python for Beginners

Department of computer science & engineering, faculty of engineering, University of Moratuwa

• Advance Diploma in Database- base System

Offered by ALISON

• Develop skill in English

Offered by University of colombo

EXPERIENCE

• Software Engineer

2024- 2025

Gamage Recruiters (Pvt) Ltd | Panadura

- Developed and optimized backend systems using the MERN stack, directly contributing to the core functionality of the company's digital platforms. Maintained strict code quality standards by actively participating in code reviews to improve overall system performance. Troubleshoot and debugged software issues efficiently, resolving system errors to ensure the smooth operation of internal tools. Collaborated with cross-functional teams in a fast-paced environment, demonstrating strong communication to ensure timely delivery of technical solutions.
